The Career Path

My Goals are: setting up my own food truck and earn enough to support myself financially by the end of the year

START

Step 1

Make a businessplan using the business model canvas. Determine target group, financial model, determine price, what is the competition

Step 2

- subscribe to the chamber of commerce
- start crowdfunding action to obtain funding for the food trucks,
- Ask school board if they want to support by letting me use the canteen kitchen
- Arrange insurance and plan money saving for later.

Step 3

Make a marketing plan and get customers.

Step 5

Evaluate whether the goals are obtained.

Step 4

Contact Launching customer and make a press moment of the first gig
